

# Bray CONSTRUCTIONS BEAT

Summer 2011

## Whats been happening at Bray

We've recently made some updates and additions to our website. Chief among those was the addition of new photography of 3 recent projects – A home transformation in Keysborough, and two new builds in Brighton and Malvern East. Some of those wonderful photos are included in this newsletter of course, but please take a moment to explore the rest as these are some quite stunning homes. You'll find them in the residential projects section of our website at [www.bray-constructions.com.au](http://www.bray-constructions.com.au).

## Introducing Phill

Phill joined us in November 2007 as a 3rd year apprentice carpenter. His strong work ethic was evident from the outset and alongside his willingness to do what it takes, is one of his best attributes. Having completed his apprenticeship early in 2009, Phill continued on with us as a full-time carpenter and soon began to learn about being a site foreman. Having been the main man on a few projects now, Phill is honing his skills, and learning new ones all the time.

Outside of work, Phill is a volunteer member of the Country Fire Authority (CFA) and has now responded to over 100 emergency calls in that capacity. This is a role Phill has taken up while working with Bray Constructions and we are proud of him devoting himself to this community association and proud to support him in this commitment.

Phill is also a keen off-road motorcycle rider. We're happy to support him in this, so long as he doesn't hurt himself!

We really love to see the fruits of our labour turn out so well, as they have in these latest photos. If you know anyone who is thinking of building, renovating or extending be sure to point them to our website and suggest they give us a call. We'd love to assist them right from the start with initial advice, design work and the whole lot, but we'd be just as happy to work with a design they already have.

Brighton Residence

Malvern East Residence

## Bray Extension

The Bray family was extended by one last November with Lukas tying the knot with Jennifer on a stunning Saturday afternoon at the Spring Valley Golf Club in Clayton South. Whilst the Bride and her bridesmaids spent the morning with make up artists, hair dressers and photographers the boys decided to take a sporting approach with a round of golf at Amstel public to settle the nerves. Jennifer arrived to the outdoor ceremony slightly late but looked amazingly beautiful wowing all that were in attendance. The reception was also held at the Golf Club and all agreed it was a resounding success. Congratulations to Lukas and Jen and best wishes for a long and happy life together.

## Bray News

There has been quite a bit of news in the Bray team since the last edition of the Bray BEAT, so here is a quick catch up. Ken and Claire welcomed newborn Albert (Alby) Bray in April. Claire is determined he will be a doctor, Ken says he'll be a centre half forward, but we can't wait for Alby to pull on a nail bag and get to work! Speaking of babies, Brendan and Kathryn are expecting their first apprentice to arrive in March. Best of luck to them for a safe arrival. Tom and Becky became engaged and are planning a 2011 wedding. Lukas & Jen took the next step and got married in November and honeymooned in Tasmania. They did very well to pick the only sunny Saturday in November for their outdoor wedding. Nick, one of our apprentice carpenters, will be marrying his long-term partner Jane in March. And along with all this we managed to get several things built! So, as you can see, we've seen out an eventful 2010 and are rolling right in to a similar 2011.
